**Rusty Barnes : On Broad Sound** before purchasing it in order to gage whether or not it would be worth my time, and all praised On Broad Sound:

0 of 0 people found the following review helpful. Rich thoughtful verseBy Ernest Gordon TaulbeeRusty Barnes displays an amazing level of linguistic dexterity in this collection. The poems are musical and lull you into a calm before they punch you in the gut. Though it is filled with optimism and exploration of the culture of Mass., there is also loss and mourning -- be it the death of a parent or the strange sadness that comes with watching your kids grow up. Poetry is still valid in our culture. This collection is proof to that.0 of 0 people found the following review helpful. A Fine CollectionBy Jeff WeddleI just finished reading this fine collection. I feel immersed in the world of seedy Massachusetts doughnut shops and strip mall sadness. On Broad Sound is a book of poems full of love, longing and genuine humanity. I recommend it.0 of 0 people found the following review helpful. Four StarsBy Arlene McInnisWe'll put together and written!!

With *On Broad Sound*, Rusty Barnes turns his attention from his rural Appalachian roots to twenty plus years of living in a working class suburb of Boston. Ranging widely in subject matter, *On Broad Sound's* poems were inspired by and often titled with locations in and around the author's adopted home in Revere, Massachusetts. Whether it's observing planes land at Logan Airport, eating cookies with the city mayor or watching his children play in a marsh partially sectioned off by yellow crime tape, *On Broad Sound* is part urban travelogue and part sharp portrayal of modern life.

Under this celebrated poet's intense microscope, with precise, startling, spike-like language, energized poems butterfly upstream against the current of self-deprecating humor or float in the Atlantic on a big fat existential doughnut. Rusty Barnes isn't afraid to jump into raging floodwaters, slamming into broken dams of memory to display his vivid wounds scars. -- Ron Androla, Pressure Press PresentsAbout the AuthorRusty Barnes grew up in rural Appalachia but has lived in East Boston and Revere, MA for the past twenty years with his wife, poet Heather Sullivan, and their family. Hersquo;s published his work in more than two hundred journals and anthologies. His poetry chapbooks include *Redneck Poems* and *Broke*, and his full-length poetry collection, *I Am Not Ariel*, appeared in 2013. His latest novel is *Ridgerunner*.
